

## K-C PROFESSIONAL\* MOD\* Manual Hard Roll Towel Dispenser, Green Code

29736

### Features & Benefits

The MOD\* Dispenser Systems are designed with innovative internal dispensing modules that plug and play to give you the flexibility to build a dispenser customized to meet your requirements. The M-Series dispensers' controlled manual delivery offers the hygiene of touchless dispensing without the batteries. This system is also quieter than enMotion® and Tork Intuition systems. The MOD\* System combines touchless technology with the bacteria-reducing benefits of drying with paper towels, supporting and promoting better hand and surface hygiene. When installed properly this dispenser meets the ADA Standards for Accessible Design, 28 CFR Part 36, local rules may vary.
