PennAccess: Parking Garage – 3201 Walnut Street

Entrance Information:
3201 Walnut Street, Philadelphia, PA, 19104

1. Parking Level 1W is accessible from Walnut Street by traveling along a sidewalk on the west side of the building. There is a curb cut at the west (W) vehicular entrance. You must cross this vehicle entry-exit area and proceed on to the next curb cut and sidewalk and...

2. Continue for several feet to a key card accessible pedestrian entry to your right (facing east). The doorway between this vehicular entry-exit area is blocked on the inside by bollards and a high curb. Entry requires a valid Penn Parking pass keycard.

Elevator Information:
- There are no elevators in this four-story building. The only way to reach the upper floors is to use the stairs, or share travel with vehicles ON the car ramps, which is extremely dangerous and should never be attempted.

Accessible Restrooms:
- There are no restrooms in this parking garage.

Building Information:
- This building has four floors, and no elevator.
• There is no accessible sidewalk from Walnut Street to the vehicle entrance 1W.
• There is a grade level pedestrian door centered between the vehicle entry/exit pathways at the NE entry/exit (E); however, the space just inside each door, is inadequate for chair maneuverability and further travel is blocked.
• There are two vehicular entry/exit points to this building. Level 1W at the NW corner of the building, is accessed from Walnut Street using the vehicular travel lane. Level 1E at the NE corner of the building, is accessed from 32nd Street.
• Level 1W has 20 bays reserved for vehicles with a Persons With Disability Parking Placard and/or Plates only.
• This garage is also known as Walnut 32.
